YOUR KEYNOTE TEMPLATE

www.rrgraphdesign.com

support@rrgraphdesign.com

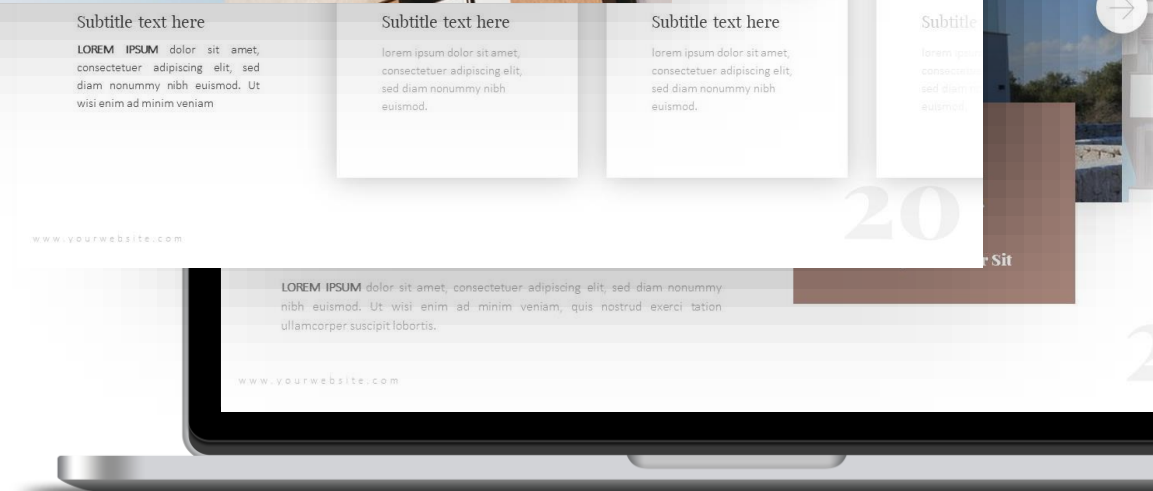

OUR GRATITUDE THANK YOU FOR PURCHASING THIS TEMPLATE.

Thanks for purchasing my work, and lets make your presentation to the next level !

This template will give you a lot of benefits. Both in terms of design and easy to use the templates, because it is completely with PowerPoint, without using other design software.

If you are satisfied with this template, you can give a good rate. That will really help us to improve the quality of our templates.

Regards,
RRGraph Team's

- freepik.com

QUICK GUIDE

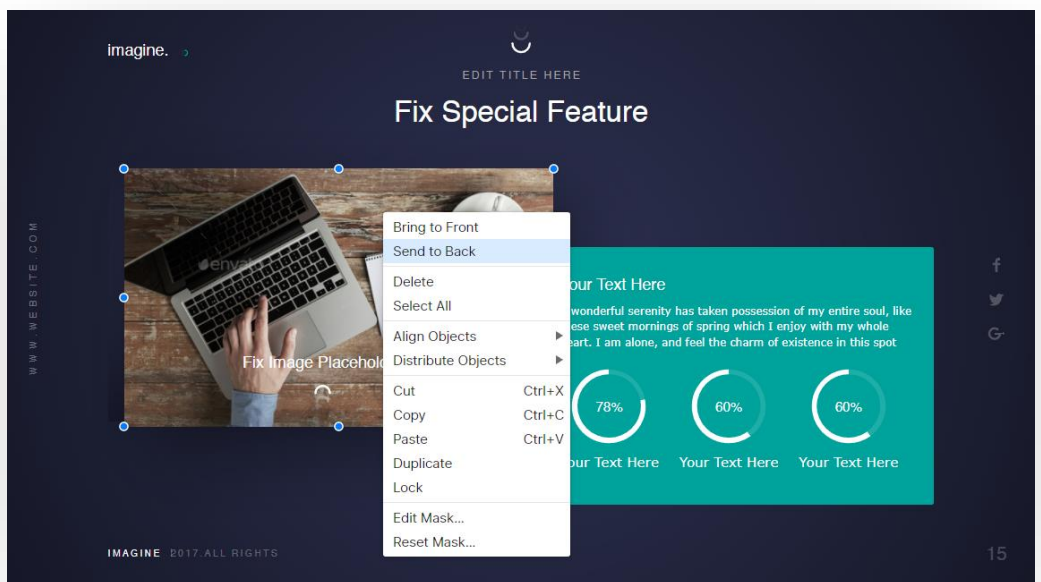

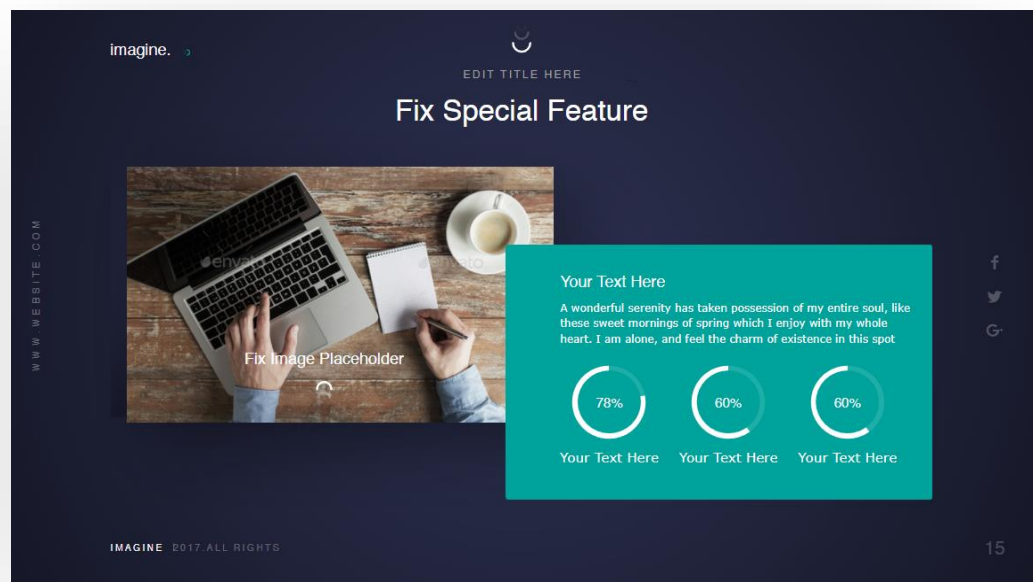

INSERTING IMAGES to PLACEHOLDER

You can insert your own images to placeholder that provided in slides. Just take your image in drive, click, drag and drop to the placeholder:

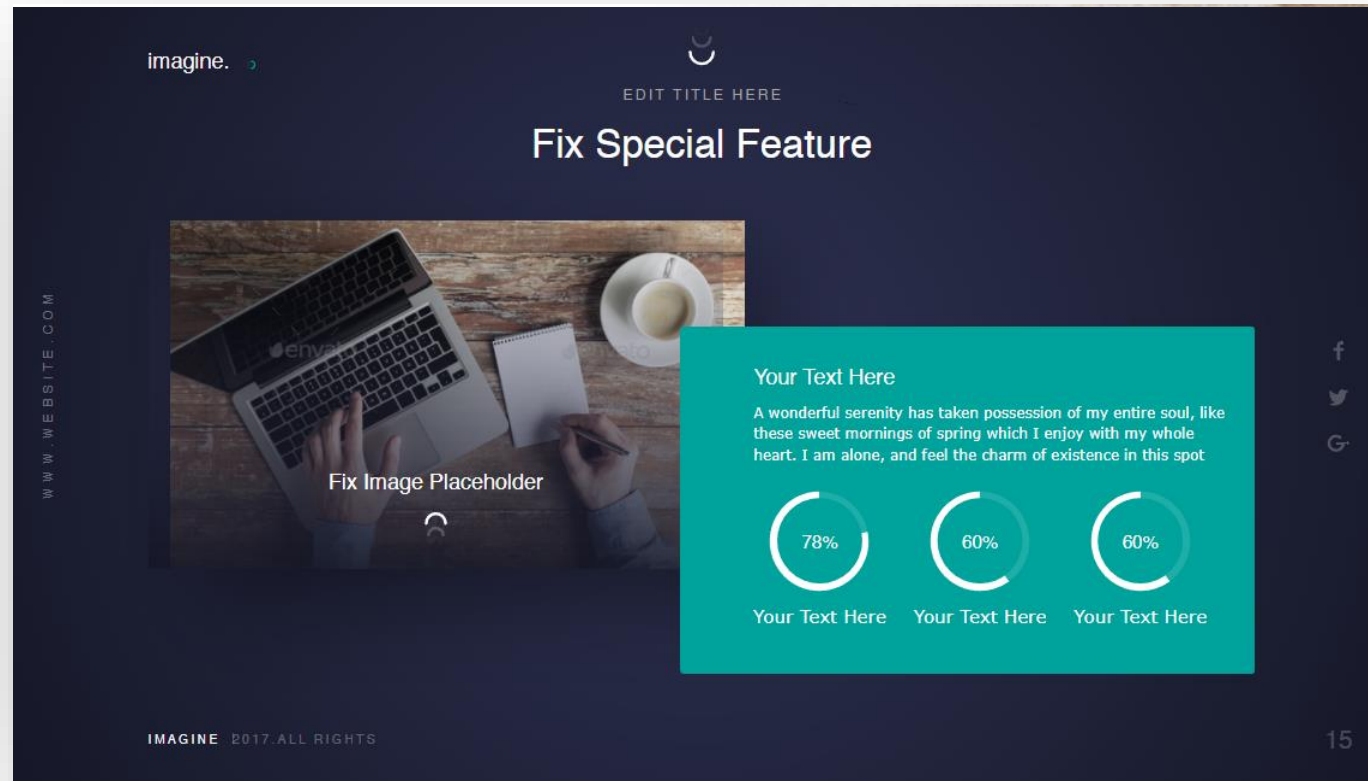

And now your images applied to placeholder.

You can find foreground shape in some slides to cover the applied images with sending to back the images:

And finally you will get the covered image like this:

You can apply this method to some others slides (That has foreground object)
